## About Galilee Export

Belonging to the Milouot Corporation, Galilee Export was established in 2011 by a group of third-generation farmers from the Galilee region in Northern Israel.

It is today the second largest exporter of fresh produce in Israel, a worldwide leading supplier, and a symbol for quality, reliability, and freshness.

A cooperative owned by the growers, Galilee Export is renowned for:

- Strong farming heritage - over 50 years of agricultural excellence
- Fresh produce of supreme quality
- Direct distribution from the field to clients all over the world
- Compliance with international quality standards

Living close to the land and driven by a strong collective heritage, social and environmental responsibility is among our top priorities. Galilee Export takes all reasonable measures to protect the environment and people, their health, and rights. We strive to achieve fair and safe employment, as well as conduct our actions in the utmost sustainable manner. Attentive to our growers, clients and to market trends, we take pride in our long-lasting and sustainable partnerships we establish.

## Quality Control & Traceability

Galilee Export complies with widely accepted international standards:

### Certification:

GLOBALG.A.P.

mandatory for all growers.

Depending on client requirements, other certification is available e.g. Sedex, GRASP etc.

Packing houses are BRC and ISO certified.

### Pesticide Control:

Prior to every season's first delivery, each variety is lab-tested for pesticide residue. Fertilizers and pesticides used by growers are determined and controlled. Compliance with European MRL standards and with specifications required by the largest retailers.
